Rational AG is the world's leading manufacturer of combi ovens. Their popular SelfCookingCenter® 5 Senses (SCC Line) ovens, VarioCookingCenter® and CombiMaster® Plus models can be found in many professional kitchens. All Rational appliances are manufactured at their Landsberg am Lech site in the heart of Bavaria, South-East Germany where each unit undergoes rigorous quality checks before it is sent to the customer which ensures that with proper maintenance the equipment will provide many years of service.

As a Rational Appointed Service Training and Spares partner, we also offer Rational combi oven training courses through our specialist technical training division, First Choice Training. Our Rational SCC WE / 5-Senses combi oven training course provides a mix of technical insight, theoretical and practical learning on both gas and electrical appliances. Experienced service engineers can take our Rational professional update training course to ensure that their technical knowledge and skills remain current.
